Issue No: 1

## Environmental Policy

J&P Building Systems Limited (The Organisation) is committed to reducing the impact of its activities on the environment and both installing systems and providing consultancy services, which will encourage and assist Clients to improve and sustain the environmental contributions of their installed systems.

To this end, the Organisation has implemented an environmental management system to continuously improve its environmental performance.

In order to meet this commitment, the organisation will pursue the following objectives:-

- Ensure compliance with all applicable environmental legislation and regulations.
- Reduce emissions and prevent pollution.
- Improve waste management practices.
- Reduce consumption of natural resources.
- Minimise noise and other nuisances.
- Assist clients in the management of the ecology.
- Continuously assess its environmental performance.
- Assist in the investigation of environmental incidents on operational sites in which it is involved
- Make its environmental information available to interested parties.

The necessary personnel and financial resources will be allocated by the Organisation in meeting its objectives and targets and their ongoing improvements. The Organisation will also continue to raise the levels of environmental awareness throughout its workforce and promote this awareness to Clients and Suppliers.

The organisation is committed to operating its Environmental Management System (EMS) in compliance with the requirements of the international Environmental Management Standard ISO 14001:2004
